

# END CLEARCUTTING in CALIFORNIA!

Join Forests Forever in telling Gov. Jerry Brown to support efforts to end the destructive practice of clearcutting in our state!

Dear Gov. Brown,

Clearcutting is destructive, wasteful, and unnecessary, costing taxpayers millions in *water treatment* and fighting the more-frequent and -intense *wildfires* it helps create.

Clearcutting destroys *critical habitat* and *recreational opportunities* and contributes *greenhouse gases* to the atmosphere.

Please actively support legislative efforts to end clearcutting in California-- once and for all!
